### **Agenda 6)**

Recommendation of names to the AGM for the following posts

Chairman of H&A

MC proposes the name of Dr. Suhas Kate

Proposed by Dr. Rajeev Agarwal

Seconded by

Passed by the house

AMC NOAH Cell chair person .

AMC MC proposes the name of Dr. Suresh Rao .

Passed

Dr. Nilima Vaidya-Bhamare : we need to ask if anyone has objections

Dr. Sujata Rao : we need to ask if anyone else needs to nominate themselves .

Dr. Deepak Baid : let's ask if anyone disagrees can raise their hands

Dr. Sujata Rao : There was a message floated across the WA group asking for nominations for chairpersons . So a limiting date needs to be given . So MCM has selected from those applications . So now new names cannot be invited

Dr. Deepak Baid : whenever we suggest names we need members to ratify the same .

Dr. Sujata Rao : We need to say that the MCM has sifted thru all applications and now propose the following names for ratification . Otherwise the entire process of application & selection is a waste .

Dr. Ketan Parikh When we say ratification ..... That means it is open for a poll . The concept of ratification is open to someone objecting . Otherwise you say that you are informing the AGM . So constitution needs to be changed to say that we are informing .

Dr. Sujata Rao : This was happening for many years . But last two years this has not been followed . There is a floating of advertisement that a particular vacancy is available . Hence kindly apply and submit for the same . This process has been followed without ammendment .

Dr. Ketan Parikh : When these applications were invited , who voted ?

Dr. Sujata Rao : this adv. was sent to all AMC members . This was received & discussed in the MCM & a voice vote was taken for a poll .

Dr. Ketan Parikh : The word ratification needs to be changed

Dr. Lalit Kapoor : then we say that we are informing

Dr. Ketan Parikh : then it needs to be ammended in the constitution

A lot of people started talking all of a sudden .

Dr. Deepak Baid : Request all members to stick to the agenda .

Dr. Nilima Vaidya-Bhamare : The entire idea of circulating that message was to not to miss out on a single member to miss out on the opportunity to give his or her name for lack of information regarding vacancy . A few members may have responded at that time , few may not have . The last date mentioned on the form was for the MCM to consider their names for being proposed to the AGM . That should not take away a members right to propose his name during AGM

Dr. Sujata Rao & Dr. Lalit Kapoor : then no notice should have been sent .

Dr. Nilima Vaidya-Bhamare: Notice wassent to make people aware of the available vacancies

If people are not made aware , how will they apply for the posts ? The date was not put as last date for application for the post .

Dr. Abhay Dalvi : Every person ' selected ' have not been objected by anyone in the AGM . Ratification is the process of making a agreement official by the MCM . So pl go ahead name them & pass it . Rest can be discussed in MCM & process streamlined if dual applications come next time .

Dr. Sudhir Naik : No one can name himself in the AGM . They will have to come forward next time the post is advertised . If the AGM is dissatisfied with the proposed names then they have to ask MC to come back with a new set of names .

Dr. Deepak Baid : announced all the other names proposed by MC for ratification by AGM

Dr. Mukesh Gupta for chairperson of Media & communication cell for ratification by the AGM  
Affiliate cell Chairperson : Dr. Umesh Oza

Trustee : Dr. S.S. Khambay , continuation as Trustee

Dr. Suhas Kate completed his third term , MC proposes

Dr. Ajit Desai as Trustee

Dr. Shrikant Badwe completes his third term , MC proposes name of Dr. Sujata Rao as Trustee

Letters & circulars : President Sir informed the AGM that many letters were written to the Authorities as &when issues arose .

Nothing significant to be discussed

**Agenda 11 )** any other matter with permission of chair ... Dr. Sujata Rao requested this to be taken after declaration of results & installation of new committee

Dr. Deepak Baid requested the election officers to take over .

Dr. Mukesh Gupta :

Informed the house that there was an episode where there was a change of polling form order . To verify whether this was accidental or wilfull , after several rounds of meetings with election officers it was decided to do a complete research into the incident . Darshan Gesota was asked

to brief . He said that one of his employees had accidentally switched off the table , which was repopulated immediately . Darshan had evaluated the situation after checking his backend office & grilling his personelle and said that it was accidental . This was however not taken at face value by the election officers . It was decided to appoint two auditors , one by Darshan & one by AMC . One auditor was chosen randomly from the government certified list so that no external influence of bias was applied in choosing the auditors . The second auditor was chosen after consultation with the crime branch who get their forensic audits done from him . All 3 EOs unanimously decided on these two finally for complete elimination of bias & maintain neutrality for finding out if there was foul play of any sorts which can affect the outcome of the elections . We are awaiting the written final report as auditors did not want to give an interim report as they wanted authenticity & finality in the report . So it was decided to wait . If foul play was detected , or if the report suggested that if that person who made the mistake has done so wilfully or under anyone's influence then the report shall not be published & it will be brought back to the MCM / AGM whichever is constitutionally acceptable . However if it is proven that it just an error as it is being claimed by the agency , then we shall not waste anyone's time & energy . He suggested declaration of names of unoppsed candidates .

One vacancy to be picked up from floor

One hrs time was asked for & further AGM to be conducted . He assured that once they have a written confirmed report that there was no foul play , only then will they key in to find out & declare the election results otherwise we will wait

Dr. Vipin Checker :

As election officer I am in sync with what Dr. Mukesh Gupta has stated . A recorded zoom meeting took place when the fiasco in the election took place . Darshan from Nityam was there on the zoom call & he categorically stated that on a recorded call that the board had crashed and there was truncation of data. He also said that Mr Yatin Shah who was there , was having all rights , so there was a possibility that the votes could be tampered with or votes be deleted . Darshan was repeatedly asked why AMC data base was kept open , the reply given was not found satisfactory to me personally . AGM was informed that a legal notice was received from one candidate for which AMC will have to appoint a lawyer to respond to it . If AMC lawyer is able to give a reply to this notice only then shall I punch in the last key subject to the reports by internal auditor by Nityam & external Auditor by AMC

He congratulated the unopposed elected candidates but said that installation shall not be complete till whole team is elected . AGM & candidates need to be informed as to what stand they can take regarding the crash that occurred in the software .

Also he left it to the AGM to decide if a re election needs to be held or additional auditors need to be appointed or to go ahead with report of current auditor in view of the legal notice received to avoid a legal battle later

Dr. Mukesh Gupta : he was not aware of legal notice . Dr. Smita Sharma was also not aware . She was reaching physically to AMC office . He requested Dr. Vipin Checker to share the contents of the legal notice with the EOs or AGM

If we do get a written report from the hired auditors & if the AGM permits us , then we should not shy away from legal notice & put the organization at stake .

Dr. Deepak Baid : look into the legal notice to protect the reputation of the Association

Dr. Sudhir Naik :

1) Notice has to be shared immediately with the other 2 ROs

2) We have to go strictly by letter & spirit of the constitution. ROs have the right to receive the complaints about any malpractices. ROs need to deliberate over the notice. We have to wait for the written reports of the auditors. If there is even an iota of doubt, then we need to file a case in the cyber crime cell as the matter is serious. However if there is no doubt raised, then even if we have received a legal notice which aims at derailing the entire election process, is uncalled for we trust the description of ROs, ROs need to go thru the entire process of the audit. If the audit is not able to clear, then withhold the election results. Whatever has been announced is announced. The previous members where election results are not announced can continue for a few more days till everything is sorted out.

My suggestion: even if both audits give a decision that it was an innocent mistake, after results are announced, a third audit needs to be conducted to reconfirm the same.

Dr. Vipin Checker: the notice has been sent to all EOs on email.

Dr. Narendra Dedhia: why was the format changed? Has the format been changed to original one?

Dr. Mukesh Gupta: the polling pattern was sent to the EOs for approval. The restored version was one version before the final version (which was changed as per constitutional order). That was the error. His information came from President himself who came to know about it the night before. The EOs were updated after President confirmed with Nityam & EOs were informed at 8 in the evening. Meeting was finally taken with all 3 EOs & MT & a few trustees. As polling officer my main concern is to find if there was a malafied intention to sabotage the process of election or it was an inadvertent mistake who accidentally did this for which the credible auditors have been appointed.

Dr. Deepak Baid: I shall tell you the chronology of events.

I was informed by one of the candidates that one of his family members had difficulty in voting. So when he checked the ballot paper, it was different from the ballot paper on which he had voted. He approached me & asked him if he was sure that the order was changed. No one was very sure as you cannot compare unless you have the previous & current ballot paper together to compare. Hence Nityam was contacted to confirm if the ballot paper was changed. Nityam responded at 10.30 am next morning saying that he was out of Mumbai & would check asap. He called up again on his way back and called at around 2 pm saying that there seems to have been a change in the ballot paper. Only after confirming this I informed the EOs. A zoom meeting was arranged for at 7.30 by Dr. Smita Sharma.

Dr. Smita Sharma : we were informed after 12/20 hrs after u came to know .

Ur holding back information from EOs is an unconstitutional act .

Dr. Sudhir Naik : we had a meeting of MC this morning . Let us wait for the report to come . Time frames will be needed only if some hanky panky has occurred . Go ahead with installation of next committee .

Dr. Narendra Dedhia : why Yatin has not informed of the glitch occurred either to Nityam or to EOs

Dr. Ketan Parikh : this is a serious matter . My experience with darshan during IAP election : Once the election starts , nothing in the software can be interfered with till end of election . Those were Darshans own words . A dry run is conducted & then software is locked till end of election . I am surprised that , a person could interfere with the process . This is a serious event & has to be thoroughly investigated & Nityam needs to be told that their system is flawed .

Dr. Mukesh Gupta : Multiple penetration tests are being done

1) to see if any outside hack is possible in the system

2) how many tables have been affected

3) the whole log has been evaluated from the time span that this episode has happened & it was found out that only 5 people had voted & it was validated as it was as per the vote paper

4) all the data was evaluated before & after the incident to see if there was any gross change in the trend

5) it was checked if a new command or new log or new algorithm was inserted was evaluated . They refused to give an interim report & said that only final report shall be given in written form .

Request was made to AGM to trust the process . No candidate should be wrongly portrayed of losing the election unless there was definite evidence of tampering . Even if 1% chance is there we will approach the criminal justice system . Hence we had approached the crime branch & then chose the auditor who can follow the police perspective as well .

We have gone through a grind of 72 hrs to authenticate the safe guards

Dr. Ketan Parikh : we r not talking of a snag . We r talking of interference . what is truncation of data ?

Dr. Vipin Checker: Data was being handled by Yatin . I have not understood why was AMC database open on his laptop . No satisfactory answer yet available in 48 hrs . Answer given was .... Yatin was working on another project & by mistake he closed our data , when he realised his mistake , he reopened . When he reopened the site had crashed so he had to reload the ballot paper , where he picked up an old ballot paper , hence last 2/3 names were not there .

Dr. Ketan Parikh : why the EOs were not informed by Nityam ?

Dr. Abhay Dalvi : It is v important to know whether the vendor is at fault or no . How did the data base got opened because data base is closed by EO s by generating a particular password . once the election starts not a single person can interfere including the election manager .once the election is over , another password is generated by the EOs and then only the results are generated . So i have few questions for the Eos

1) One person said that the glitch was for minutes , another person said hours  
2) What do you mean when you say it is opened database . How does one open the data base without the 3 election officers putting inthe password

3) whatever is the result .... who will hold office in the interim period just in case need be . A lot of people are holding office & contesting elections . Do they continue or they r replaced ? It is impossible to open the data base just individually by some yatin . So i want to know what exactly was the glitch , what was the crash , for how many hrs ? They cannot start the election again unless the 3 EOs put in their password .

Dr. Vipin Checker: no justifiable answer was given by Nityam in a recorded meeting as to how AMC database was open .

Dr. Mukesh Gupta : it was not the data base which was open . It was the table . The table got truncated . Which means that the order of visibility of candidate on ballot paper changed . He rectified it . When we are talking about the data we are not talking about the vote bank or AMC data . We r talking about the data of that table . This table is different from the table of vote . That is a separate table . From the table link goes to another table & that table is where the votes to individual candidates is going and that table is locked & not open even now . No one can see how the vote is going . Nityam was also unable to answer as to why their employee had opened the table . Nityam has agreed to foot the bill of the expenses incurred for the audit . If foul play is detected criminal action shall be instituted . The two auditors have verbally confirmed that

there was no change in the algorithm or data process . But unless we get the written results we shall not announce the results. Yatin has confessed to his mistake .

Dr. Sujata Rao : This has been a gross error undoubtedly . All 3 EOs have acted swiftly to find the culprit in a manner which can be defended . The AGM appoints the RO so should also indemnify the ROs .

Dr. Rajesh Bijlani : Databases are not easy to hack . If at all someone has interfered , it will be well logged . The logs will explicitly tell the auditors if any tampering was done . The intentions whether malicious or otherwise can be tackled later

Dr. Rajeev Agarwal : we should proceed with installation of unopposed elected members .

Dr. Anand Parihar : EOs have done a good job .

We are going to install only 1/3rd committee . Once the audit report comes , we can install the whole committee after results .

Dr. Niranjana Agarwal : we can install the unopposed candidates .

Dr. Oza , Dr. Dalvi , Dr. Bipin , Dr. Sudhir Naik , Dr. Kate had no objections

Dr. Nilima Vaidya-Bhamare: When the glitch occurred , were the other candidates informed ? It's the right of every candidate to know and take appropriate stand for himself .

Dr. Mukesh Gupta : just like Deepak waited to confirm & then informed us . We also were waiting for audit report to see if something serious has happened . the auditors are taking screen shots not all the reports , data bases , tables etc , they have also created a virtual walk thru of the entire process for giving a valid written report . 7/8 technicians are working overnight nonstop on all aspects . EOs are representing each and every candidate and not a single candidate shall be made to suffer . We shall point out all the mistakes to this AGM if found serious

Dr. Nilima Vaidya-Bhamare: EOs do not represent the candidates . investigations can go on side by side . But candidates contesting should have known that the election process has been hampered so they can take appropriate timely action . My question is , why will the internal auditor appointed by Nityam say that something wrong has happened . Many emails were send

to the EOs to appoint one more auditor so that no one shall be able to point fingers later that we took a hasty decision . This is in the interest of the association only . Any process of auditing takes time . Auditor was appointed at 10.30 last night . Why r we in so much of a hurry about auditing Candidates needed to know ...that was not done . That was a wrong process . Auditing was handed over to only one external auditor & one more needed to be appointed as this was important as the entire process of election where the vendor has accepted that an error had occurred ... crash & truncation of data are important terms . Without the keys of all 3 EOs , no one should be able to open the data base . The very fact that this was interested with needs a detailed investigation . I am not even trying to contest the result . Whatever be the results I shall accept as long as we are able to prove that the process which was followed was correct & no tampering done . Pepe are making unconstitutional demands . Our constitution v clearly says agenda of AGM is election process of the committee . When u say committee , it legally means the whole committee , not part of the committee . It can't mean that part of the committee will be if the past year & part will be new . Since the election process is being questioned , the previous elected committee is answerable to the AGM & needs to continue till everything is clarified completely in writing . Request has been made to appoint one more auditor . Which has not been heeded to . The candidates have not been given a chance to voice their opinion at all . This is not a proper process .

Dr. S.S. Kambay : we should not delay installation of the unopposed candidates as majority are elected unopposed

Dr. Nilima Vaidya-Bhamare: the whole committee needs to be installed , not part committee .

Dr. Manoj : in half an HR we will get the results so we can wait for a few more minutes so that full committee can be installed

Dr. Vikram Khanna: we can have the next agenda ie speeches of the outgoing & incoming president's . Once the audit report comes , the committee can be installed if clear .

Dr. Ketan Parikh : committee is a single structure . We cannot half this committee & half that taking over . Whole MC needs to be installed together . Last yr also the MC was installed after 1.5 months under unusual situation . Constitution does not make it obligatory to the AGM to install , only to identify the election process . Unusual situations needs unusual solutions

Dr. Mukesh Gupta : updates : Internal Auditor written report shall be available before the report of the external auditor as they had started work earlier . Both the auditors however categorically said that no foul play was detected in the logs .

Dr. Umesh Oza : President elect has been installed last year unless the current President wants to continue . He lauded the fabulous work done by him .

Dr. Deepak Baid : I have no problem about handing over to Dr. Sushmita Bhatnagar as next President .

We however need to give a mandate to the truncated committee in any eventuality . So we need to devise a mechanism to take it forward for smooth functioning of the association .

Dr. Sudhir Naik : the process is already in place . The majority OB is elected unopposed . So also the area representatives are elected .

Dr. Deepak Baid : if I wanted to continue more , I would not have waited for one & a half month last year . Dr. Mukesh Gupta was finally asked to hand over charge by the MCM to me .

Dr. Vipin Checker : Let the unopposed candidates be installed .

Dr. Niranjana Agarwal : even in the chat majority are in agreement that the new committee be installed

Dr. Vikram Khanna: since the auditors have ruled out foul play , so let's not waste time

Speech was given by outgoing President :

Dr. Deepak Baid :

Man ki baat...

Good evening friends

This year has been an exceptional year for all of us.. While you all fought the covid at your work place and at home... We at AMC tried our best to take care of the interest of our members and provide for them a safe and secure environment.

Secretary, Dr. Nilima will go through that.

Today, I stand in front of you as an outgoing President. And I share with you my experience.

As MEMBERS :

An association is weak or strong based on its leadership and the support of its members. And I thank you all for making the association strong.

While social Media has become a good means of communication, nothing can replace the physical meet or ground level efforts.

And those who walk that extra mile and join the association in its efforts at ground level are the game changers.

As members your involvement in the organization is Paramount. Whether in attending the AGM or in the democratic process to choose your representatives by participating in the electoral process.

Your views matter, no matter how small or big or how foolish it may seem.

Team AMC :

I have seen the ups and downs of team AMC.

We have walked a long way but we still have a long way to go.

To represent our members we need to walk the talk. We cannot be seen to do opposite to what we are propogating to our members.

The organization needs younger blood and newer ideas. People from various organization are part of our team, and they add immense value with their expertise.

We need to be more proactive and attend to our members grievance in a time bound manner. There needs to be a more active discussion on various govt notifications involving various specialist doctors with their inputs.

I have been lucky to have a wonderful team as part of my committee. And I am sure Dr. Sushmita shall also enjoy the same.

AMC office is the back bone of the organization and has done a wonderful job in attending to the various issues of our members.

Election :

It is my duty as a President to inform our members about an important critical issue which we faced during the election process.

The format of the ballot paper was changed suddenly in between the election. This was without the permission of the signing authority of the ballot paper.

The evote software person from Nityam Mr Darshan accepted this as a serious issue which he said was due to a crash causing truncating of the data base. The process of correction of the same, led to the change caused in the ballot paper.

Since it is a serous issue the election officers have appointed a third party auditor to check the same to rule out any foul play.

I am sure they will do a good job and the election officers will report to us the results of the same.

Conclusion:

As I complete my term... I wish the best to the new team.

My wife and my kids will be happy to get my time for them.

I am in the process of coming out with one of the biggest health care portal in the world. I hope I shall be able to share the same with you soon.

Till then...

Jai hind.... Jai AMC

Apology was made if he had hurt anyone .

He virtually handed over the Presidential medalion which he had not yet received from Dr. Mukesh Gupta .

Dr. Sushmita Bhatnagar then gave her presidential speech :

Thank you v much President Dr. Deepak Baid. This has been a year where we all have learnt a lot . It has been a v unusual year . I am not sure if this year is also going to be the same COVID year

or it's going to be different . We don't know that yet . It's a bit too early to say all of that . So what I represent is moral values , character with strength , humility , a feeling of togetherness , & an inspiration to my own self aswell as to others to achieve . What drives me is the motivation which comes from working on things that i care about ,I strongly and deeply care about this organization , our AMC , our dear AMC & ability of this Association to do good to people like us . I trust in people & have faith in the divine . I trust individuality , but with comeraderie & I am the sum of my experiences . I also feel that the quality of a leader is reflected in the standards they set for their own selves . I give you all the assurance to live by these values . I hope to leave the society in a better place than when I start today . I wish to take this association , our dear AMC forwards together . But , today I come asl today , but stand as 12 plus members of AMC . S no longer will I be I , it will be WE , the entire AMC fraternity , along with the managing committee , who serve with mission & commitment . This MC which I have the honour & privilege to lead of about 50 people , with one soul , one dream , one voice , one team , for one year .. the TEAM AMC . I believe that I is equal to Illnes and WE is equal to well ness . So we shall work with ethics , with clarity , with transparency , with fellowship , with solidarity , with passion & with accountability . I cannot proceed without thanking first & foremost my parents , for the values & principles they have given me in life , I lost them both in 2019 & 2020 . I really wish they could have been here today . Both my brothers probably are here , at least one is am sure . I thank my family , my husband & my son for their unflinching support . I thank both my brothers & their families extended famies family members , all my friends , my teachers from school , from medical College as well as from my PG colleges. I thank all them who have influenced my thinking & behaviour including my students who have brought out & polished my teachership skills . & I cannot thank enough my colleagues in AMC , my seniors in AMC who took the efforts to understand & accept my thought processes , my ideas , my ideals , but at the same time mentoring me , teaching me , guiding me & empowering me with the power of knowledge . So , to conclude , working for & with the team is my motto , & together ...WE CAN & WE WILL .

Thank you very much

She thanked the out going President & assured him that he will remain part of the coming year committee . She also thanked the out going committee .

Dr. Vikram Khanna: one of the members wanted to say something with permission of the chair .

Dr. Nilima Vaidya-Bhamare: Can I present the work done by us in the last year ?

Dr. Deepak Baid let Dr. Manasvi speak then you present .

Dr. Manasvi :

I have suffered at the hands of AMC . it has taken a toll on my reputation as well . My software team had developed an EMS for patient & drsalong with mechanism to prevent

violence against drs . I wanted to help the drs all over with real time emergency help . My proposal was accepted by previous managing committee . I gave a donation & was promised a few things . Then COVID came & a few promises could not be fulfilled . For 9 months I has been trying to raise this issue about the pending promises & I was stone walled . I was told that the promise was given by last President& had to be fulfilled by him . But I said that donation was made to AMC so the pending promises need to be fulfilled by the incoming committee . I tried communicating to President , Secretary , IPP . But everybody was helpless and no official clarification was made to me asking what is the problem .

The platform needs to be run by collecting fees from the drs or service providers & patients . The committee thought that I was wanting a commission . But no one discussed it with me . I could have explained . I have lost a lot of time in between a lot of other applications have come in . So my venture has gone into a stone wall . On the false pretext that we were taking a commission my efforts have gone waste . My reputation is at stake . I have lost a lot of money too .

Dr. Deepak Baid :

We discussed this in the OB . There was an element of commission in ur proposal . After talking about it to you , you said you will change ur app to subscription model .

Dr. Anshuman : Dr. Nilima Vaidya-Bhamare was also aware .

Dr. Nilima Vaidya-Bhamare: Pl do not drag me into the conversation as i was not party to your agreement with Dr. Mukesh Gupta . Even though I was Secretary , I was not party to the nitty gritty of agreement which was done with Dr. Mukesh Gupta. I had given my go ahead to any solution mutually agreeable to all parties . I tried my best to communicate everything to all concerned .

Dr. Deepak Baid : We requested u to remove the element of commission which u gracefully agreed to . Then script for SMS to be circulated was asked for & circulated . Delay was regretted

Dr. Mukesh Gupta : AGM could not be held , even Grasp was not brought out , so commitment could not be fulfilled due to COVID . There were no physical meetings happening . The OB is nearly the same .

Dr. Anshuman : One of the AMC MC members had a personal grudge against me as I refused to give it free to him .

Dr. Deepak Baid : I had offered you a full refund even after majority of the promises were fulfilled . I would not allow any commission by any sponsor .

Dr. Mukesh Gupta : we have a synopsis from our auditor but not from the other auditor . The EOs have decided that installation of the unopposed candidates . We want the AGM to direct is if we should key in or wait till tomorrow afternoon 2 pm .

Dr. Abhay Dalvie : RO has gone on record to say that election results shall not be declared till a written report of both auditors is available . So now he cannot turn back & ask permission to go ahead with only one report

Majority gave permission to go ahead with declaration of results with one auditors report .

Dr. Vipin Checker: Consensus has been reached about declaration of the unopposed candidates.

It was decided that all 3 EOs shall be physically present at AMC office along with the candidates , tribunal & Nityam and then the keys will be put in for obtaining the results for permission from AGM

Dr. Abhay : it is not necessary for every one to be physically present to key in .

Dr. Vipin Checker: Auditors have to yet give us the written report .

Dr. Sudhir Naik : AGM is the supreme authority & is indemnifying them suppose tomorrow the written report is something different , then they r not going to be held responsible for the fiasco . So we can go ahead with the results

Dr. Mukesh Gupta : we will get one report in writing on email .

Dr. Kate : there should be no need

Dr. Vipin Checker: it will be late to get the written report . Even if it is late , we will wait for the written report .

Dr. Abhay Dalvie : once the written reports of both auditors come in , we can declare the results on the web site tomorrow

Dr Suchak : get a written message that there is no foul play . The complete report can follow

Dr. Deepak Baid : The AGM allows the EOs to key in . Allow the candidates to be present when the key is logged in

Dr. Vivek Dwivedi: I have full faith in Eos

Dr. Sudhir Naik : the results can be signed after the final reports are obtained .

Dr. Sushmita Bhatnagar : let us install the unopposed committee

Dr. Mukesh Gupta : Requested the managing trustee to hand over the charge from Dr. Deepak Baid to Dr. Sushmita Bhatnagar

Dr. Niranjana Agarwal congratulated Dr. Deepak Baid for his exemplary work and for raising the bar for Dr. Sushmita Bhatnagar . He handed over the reins to her and announced the remaining unopposed candidates

02:45:11 Rajesh Bijlani: Let Dr Mukesh Gupta get the report and finalise the results.

02:45:12 Vivek Dwivedi: Agree with Dr Manoj Patel sir

02:45:16 Deepak Vaidya: let Smita to complete what she wants to say

02:45:26 Pradnya Kulkarni: wait for report and meanwhile install the already elected office bearers

02:45:46 Ritesh Agrawal: results of unopposed elected candidates have been declared, they must be installed immediately

02:45:49 Reena Wani: Can we know details of the legal notice

02:45:57 DR NITIN BHATNAGAR: A lawyer's notice can be replied to.  
It is not a Court Order.  
Delay in Installation of Uncontested Candidates is Constitutional.  
What if you receive a Legal notice for the same?

02:46:07 Reena Wani: Dr Vipin checker can share

02:46:27 Rajesh Bijlani: A legal notice cannot derail the election process.

02:46:30 Ritesh Agrawal: agree with dr bhatnagar

02:46:33 Maya Prasad: What about the names that were missing from the voters list ? Like mine. And I was not able to vote this year , when I had been voting for last 4 years. And no

response from AMC Inspite of all the mails and phone calls to AMC. As a ordinary member I am not Happy with the whole election process. Dr Maya Prasad

02:50:15 Dr.Vikram Khanna: just because a legal notice has been received, it cannot stop declaring the results if 2 audit reports rule out any mischief

02:51:07 Sushmita Bhatnagar: How come legal notice is orchestrated to prevent declaration of results - especially of the unopposed candidates

02:51:35 VIPIN CHECKER: Legal notice is sent to all the election officers

02:51:38 Dr.Ashok Shukla: I think installation has to start there is a remedy already in constitution where the election officers declare the results if there is any issue tribunal can be approached by the complainant there can be legal notices even after installation can be given or recieved

02:52:48 Ritesh Agrawal: legal notice can be dealt legally, there is no issue

02:52:55 Dr.Ashok Shukla: legal notices will be answered by AMC lawyer who will stand with the election officers as they were appointed by the managing committee and we trust our election officers

02:52:59 Ritesh Agrawal: we respect legal notice and it shall be replied

02:53:15 VIPIN CHECKER: Thank you

02:53:48 DR NITIN BHATNAGAR: AMC has enough senior lawyers to reply to Legal notice.

Constitution says such issues can be taken off after AGM.

As long there is no court order, Installation of Unopposed candidates should go on.

02:54:19 Ritesh Agrawal: agree

02:54:35 Pradnya Kulkarni: We have full faith in returning officers

02:54:43 Dr.Vikram Khanna: want to know that lawyer has sent notice on whose behalf

02:55:15 Vivek Dwivedi: Agree with Dr Mukesh Gupta

02:55:48 Dr.Ashok Shukla: already Dr Mukesh Gupta sir has declared the unopposed candidates result we can start the installation process and by the end we will get by the auditors report so that election officers can decalare the result if satisfied by the election officers

02:58:38 Narendra Dedhia: I understand that it's huge pressure on Election officers.

03:00:19 AMC Mumbai: I think auditors are appointed for answering all our questions .. so whats the point arguing

03:01:00 Dr.Ashok Shukla: yes Vikrant when already auditors are appointed

03:01:14 Dr.Ashok Shukla: we should wait for them to give report

03:01:51 Pradnya Kulkarni: there are experts to analyse this let us wait for their report

03:02:15 Sushmita Bhatnagar: M surprised with the speed with which the legal notice is orchestrated, while even the annual report is not even sent to all the members.... Amazing

03:02:23 DR RAKHI AGARWAL: We should start the installation of the unopposed AMC ob & committee members

Once the auditors give reports the other contesting candidates can be installed

03:02:30 Ritesh Agrawal: i agree, rather than discussing it, let the unopposed winners mut be installed

03:03:01 Sushmita Bhatnagar: Yes, but even this discussion is only to stall the installation

03:03:46 Dr Sudhir Thadke: this online voting vendor should be blacklisted.

03:03:51 Dr.Ashok Shukla: as installation outgoing president speech and incoming president speech will take atleast 1 hr so i think we can discuss that after the auditors report

03:04:27 Sudhir Naik: We must go ahead with the rest of the AGM!

03:04:32 Dr Sudha Tandon: No one will do all this galti se..

03:06:17 Dr.Ashok Shukla: yes we indemnify all 3 election officers

03:06:25 Dr. Vikrant Desai: 👍 👍

03:07:14 Dr. Kalyan Ayyer: If All the Names are there in the Voting Card, & The Voting part has not been affected, Order should not make a difference. Members would have voted as per Name Only !!

03:07:51 Ritesh Agrawal: agree with dr kalyan ayyer sir

03:07:59 Dr.Ashok Shukla: very well said Dr.Rajesh Bijlani sir

03:08:18 Ritesh Agrawal: rajesh bijlani sir is anand rangathan of Amc for last 30 seconds

03:08:22 Rajendra Nagarkatti: Agreed!!

03:08:26 Dr Sudha Tandon: Well said Dr Rajesh

03:08:39 Rajendra Nagarkatti: Agreed with Rajesh Bijrani

03:08:39 Dr Sudhir Thadke: well said Dr Rajesh

03:08:49 Sushmita Bhatnagar: Outgoing president speech has to come in first

03:08:58 Pradnya Kulkarni: agree with rajeev

03:09:07 DR NITIN BHATNAGAR: Yes, the timing of the legal notice seems to be suspect

03:09:34 Dr Sudhir Thadke: Electronic data tampering can be detected by the auditors

03:09:45 Ritesh Agrawal: why unopposed winners should wait

03:09:52 Ritesh Agrawal: they must be installed immediately

03:09:55 Rajesh Bijlani: By the time unopposed get installed audit report will come

03:10:05 Ritesh Agrawal: why we should suffer because of technicalities

03:10:08 Dr.Ashok Shukla: time bachega sir installation will take atleast 1-2 hrs

03:10:15 Sushmita Bhatnagar: Unopposed must be installed now

03:10:28 Pradnya Kulkarni: yes we want to install who are already elected unopposed

03:10:49 Ritesh Agrawal: secretary is unopposed winner dr pradeep baliga

03:11:28 Ritesh Agrawal: very well said Niranjani sir

03:11:40 Sudhir Naik: True

03:12:16 Ritesh Agrawal: great words Umesh Oza sir as always

03:12:35 Adyanthaya: fully agree with Niranjani and umesh oza.

03:12:35 DR. QAYUM MUKADDAM: Agree. Let the installation happen.

03:12:54 Dr Smita Sharma: I agree with Niranjani and Sudhir

03:13:14 Dr Smita Sharma: And Dr Oza

03:13:18 Adyanthaya: install the new president and who have been elected unopposed.

03:14:12 Ritesh Agrawal: unopposed elected are

03:14:36 Ritesh Agrawal: president, both vice presidents, secretary, both joint secretaries, joint treasurer

03:15:33 Dr.Ashok Shukla: please go ahead with installation

03:15:34 Vivek Dwivedi: Install unopposed elected candidates

03:15:54 Ritesh Agrawal: commendable steps by returning officers to verify and audits

03:16:07 Sushmita Bhatnagar: Candidates can take a stand once the election officer complete their work

03:16:24 Dr.Rajendra.R. Chawhan: Install unopposed elected candidates yes

03:16:28 Vivek Dwivedi: Agree with Dr Mukesh Gupta

03:16:35 Dr.Ashok Shukla: contestants have a option to go to tribunal if not satisfied by the results or work of election officers

03:16:41 Sudhir Naik: The candidates need to be informed when the Returning officers are convinced there is some problem.

03:16:46 Dr Alok Modi: Returning officers have done an ethical job

03:16:55 Sushmita Bhatnagar: I would like to know what stand the candidate wish to take

03:17:27 Sushmita Bhatnagar: please take the discussion forward and not repeat the same again and again

03:17:28 Rajesh Bijlani: Let the audit report come. Why are we jumping the gun.

03:17:47 VIPIN CHECKER: There are 2 independent auditors  
Let's trust them  
& wait for the reply

03:17:59 Dr.Ashok Shukla: Election officers have done best job appointing an internal and external auditor

03:18:11 Bipin Pandit: Vipin I agree with you

03:18:18 Pradnya Kulkarni: go ahead with installation

03:18:20 Sudhir Naik: They are two independent decisions

03:18:21 Dr.Ashok Shukla: i support Vipin chekker sir statement

03:18:22 DR NITIN BHATNAGAR: Nithyam has lot to lose if he gives a false report

03:18:26 Dr.Ketan Parikh: I think the entire mg commit needs to be installed at one time. You cannot have half old comma and half new commt

03:18:53 Sushmita Bhatnagar: If the election officers would not have wasted one day because of no information and intervention by President, this entire work would have completed on time

03:18:58 Ritesh Agrawal: i have full faith in election officers

03:19:04 Dr.Ketan Parikh: Why can the old commt not continue as an interim comma?

03:19:14 VIPIN CHECKER: Ketan I agree. But the agm insists the installation.

03:19:15 Dr.Ketan Parikh: Committee not comma

03:19:31 kritika doshi: Incase of an unfavorable report, will a re-election be the next procedure? If yes, will the re-election also include the unopposed posts?

03:19:35 Ritesh Agrawal: why clear winners should suffer?

03:19:41 DR NITIN BHATNAGAR: When there is a new committee, why old should continue

03:19:48 Sudhir Naik: The election process is already in place

03:19:53 Dr. Sujata Rao: it would be unconstitutional to not install the elected candidates

03:20:09 Ritesh Agrawal: agree with dr sujata

03:20:11 Sangeeta Pikale: I agree with Dr Ketan Parikh . Part Committee appointment would be inappropriate and unimplementable as a functional MC

03:20:27 Ritesh Agrawal: not at all

03:20:36 Sushmita Bhatnagar: Constitution also says that annual report is to be given to all members ....and that is the responsibility of secretary and president

03:20:43 Dr.Ketan Parikh: I fully agree with the secretary

03:20:49 Dr Anil Suchak: absolutely wrong

03:20:53 Ritesh Agrawal: in fact i request all seniors to support unopposed winners and take over the posts

03:20:59 Pradnya Kulkarni: those who are elected unopposed should take the post

03:21:00 Rajesh Bijlani: When most present here have agreed to install unopposed

03:21:09 Rajesh Bijlani: Why are we wasting time

03:21:27 Ritesh Agrawal: yes

03:21:31 Rajesh Bijlani: Go with what Mukesh said.

03:21:36 Dr.Ashok Shukla: the number of auditors appointment is election officers call if we trust them then we should accept

03:21:41 Dr. Sujata Rao: There r always a number of issues which carry on to the next year, the old committee doesn't continue for that purpose

03:21:48 VIPIN CHECKER: I have asked on email the annual report & physical copy as per constitution, but not got. But hota hai kabhi kabhi .

03:21:52 drlalita66@gmail.com: I agree with Dr Nilima. All the contesting candidates are feeling insecure

03:22:22 Dr.Vikram Khanna: can we continue the remainder of the agenda till the 2 audit reports come & then continue with this discussion

03:22:41 Rajesh Bijlani: Yes. Agreed

03:22:48 Dr.Ashok Shukla: fully agree with khambey sir

03:22:48 Ritesh Agrawal: thumbs up to dr khambay decision

03:23:17 Adyanthaya: I agree install the president and unopposed elected members

03:23:26 Rajesh Bijlani: Let election officers decide. Why are candidates interfering?

03:23:31 Ritesh Agrawal: first installation

03:23:47 DR NITIN BHATNAGAR: Most of the Office Bearers have come Unopposed. No reason to Delay

03:24:00 Ritesh Agrawal: yes

03:25:47 Rajesh Bijlani: Majority are of this view. Why wasting time.

03:25:58 Ritesh Agrawal: i differ with dr ketan sir

03:26:40 Reena Wani: Please let Presidents handover and incoming president speak

03:27:08 Reena Wani: Rest of the team can be declared after that if reports done

03:27:47 DR NITIN BHATNAGAR: Great

03:27:50 Ritesh Agrawal: great

03:27:52 Sushmita Bhatnagar: What a relief

03:28:01 Reena Wani: lets move forward

03:28:03 Ritesh Agrawal: agree with dr reena wani

03:28:12 Prashant Kerkar: please install the incoming president

03:28:29 Reena Wani: Yes, we should install

03:28:47 DR NITIN BHATNAGAR: Majority say move forward

03:29:50 Ritesh Agrawal: dr dalvi sir should be allowed to speak

03:29:54 Dr.Ashok Shukla: so now when election officer has ruled out any foul play only technically we are waiting for final report we should go ahead with installation outgoing president speech and incoming president speech

03:30:46 Ritesh Agrawal: dr dalvi sir had asked and he was told to wait for 2 min and it has been more than 10 min, so plz let him speak

03:30:54 DR NITIN BHATNAGAR: Go by Majority

03:30:57 Dr. Vikrant Desai: Yes

03:31:04 Rajesh Bijlani: We save time by starting installation. MC is not one unit. All compete separate

03:31:06 Sushmita Bhatnagar: Ketan Sir, nothing like what you are saying is there in the constitution

03:31:13 Ritesh Agrawal: last year was extraordinary situation once in century

03:31:22 Rajendra Nagarkatti: Atleast we can go ahead with Outgoing and Incoming President's Speeches

03:31:29 Ritesh Agrawal: i differ fully with dr ketan sir

03:31:42 Reena Wani: Agree with dr Raju Nagarkatti

03:31:42 Ritesh Agrawal: agree with dr nagarkatti

03:31:58 DR RAJEEV AGARWAL: I differ with ketan sir completely

03:32:01 DR NITIN BHATNAGAR: Last year was different.  
This year AGM is on time

03:32:10 Dr.Ashok Shukla: i think AGM started at 4.45 now its 7.45 i think we should respect all the members of amc who are attending the AGM

03:32:20 Dr. Vikrant Desai: Now that the things are becoming clear why are we wasting time ? Please start the process of installation

03:32:24 Ritesh Agrawal: ketan sir should reply openly why he is delaying our installation

03:32:38 Rajesh Bijlani: Start instalation. Audit report will come by then.

03:32:39 Prashant Kerkar: why does the majority opinion ,have no meaning

03:33:06 Ritesh Agrawal: majority wants to let new OB install wo are winner unopposed

03:33:32 Rajesh Bijlani: YES RITESH. Majority wants to proceed

03:34:03 Ritesh Agrawal: umesh sir has raised a very valid point
