## President's Report

Dear AMCITES

Thank you very much from the very bottom of my heart , for the love given to me throughout the year . As I end my year , my heart is filled with satisfaction that I did my best . I did , what I did , pouring my heart & soul into it . That was in my hands . Despite multiple set backs in my personal life , and road blocks created by stalwarts , I managed to see them as spring boards to achieve what I had set out to do .

Many lessons learnt this year . I have become much much wiser in this year than any other year of my life . I grew as a person . I learned to ignore those who were hindering my path because of ego clashes . I learned to look beyond my own ego & give a helping hand to those who were misunderstood . I learned to say a firm NO , where I saw people were doing only things at face value . Learnt to look beyond the facades created .

A very sad way of hindering work in an association is to take up a job & not do it . Just keep procrastinating so that it cannot be handed over to another capable person who would actually do it . Learnt to delegate these jobs to other deserving people or took it up on myself to start work . A lot of time got wasted in believing in these kind of people .

A lot of projects started with a good heart . They may not be able to be completed this year . But the aim is for the Association to grow . I hope these projects are taken to their completion by the incoming team . Registration of hospitals as NTROCs , FEQH accreditation to be recognised by IRDA & insurance companies , Police & Dr Co operation in zones of Mumbai , MPCB issue , Nurses training modules , CPR Videos , Police SOPs for violence against Doctors , Fire drills in various AMC Zones etc . A lot of hard work gone into all this . Writ Petition , if needed to solve the MPCB issue is in the process of finalization .

Single window registration under the ABDM is a coveted dream . We have created the white paper and spoken to govt agencies . If I am able to deliver that ..... It shall be a dream come true for me !

This year has seen a plethora of diverse events covering all aspects of a doctors life . We dabbled in academics for the first time in AMC . We also hand held the peripheral hospitals doing skilled surgical work like laparoscopies & laser therapies .

Marathon , Cyclethon & Bikethon was also done for the first time in AMC . All programs had awareness themes . Awareness on child nutrition , TB , DM , Road safety , organ & blood donation , Give way to Ambulance etc . Tree plantation for every member on his birthday was also a unique concept . The much awaited AMCON was held at the FM Majestic grounds on the 25 th & 26 th of February , after a gap of 2 yrs .... It was after all the 51 St year of AMC .

This was an AMCON With a difference . Fantastic venue , good food , superlative speakers , good topics , each speaker spoken to about the content , no film stars , no politicians , no judiciary ..... Only & only celebration of doctors. For the first time in AMC we stepped out of the 7 star hotel culture . Our theme was ASTITVA ... A MEANINGFUL LIFE . The first day was dedicated to the health & wellness of the fraternity . And the second day , to what a doctor can do productively & effectively if he is healthy himself .

We had Dr Prakash Baba Amte & Dr Mandakini Amte as our Chief guests and Lt General Dr Madhuri Kanitkar as our key note speaker . She was accompanied by her husband Lt Gen Rajeev Kanitkar . Both got standing ovations after their respective speeches and they were our true heroes . Dr Madhuri Kanitkar showed us what one woman with grit , determination & discipline can do in a short span of time . She has changed the face of the MUHS within one year of taking over as Vice Chancellor . Dr Prakash baba spoke about his life .... EK ZINDAGI AISI BHI ..... A selfless path difficult to emulate . We chose a few other deserving doctors trying to live a life beyond medicine , and felicitated them as role models . Dr Anand Parihar was the first amongst them to be felicitated . A man silently working for the over all well being of the cancer patients . Dr Abhay Nene cyclist mountaineer , musician .... Dr Girish Dani

writer , Director , actor ..... Dr Nikhil Datar .... Judicial activist who changed the abortion law of the land .... Dr Tushar Shah , stand up comedian , shayar & teacher ..... Dr Anil Suchak , a living example of a how productive a man can be even after 16 yrs of liver transplant .... Were all felicitated . We also gave recognition to the Fire Department , the Police department , the MPCB & BMC for all the help & co operation that they offered us this year .

A total of 15.5 lakh worth of donations have been made this year ... 3 lakhs for tree plantation , 1.5 for hearing aids , 7 lakhs to Prakash Baba's Anandvan , 3 lakhs to Madat Trust for cancer patient support & one lakh for the village adoption scheme . We endeavour to give more till the end of March 2023 from the program committee account .

Our year began with major setbacks when our accountant of 15 yrs suddenly left us when uncomfortable questions were asked . But we were able to bring in a new accountant who did a great job too . A lot of back log we were able to clear out . Digitization of AMC records was taken up in a major way. The working of the office and the lost camaraderie was brought back with love & care . The staff supported me completely thru the year .

When I took over as President , my main worry was the Program account . Programs can be conducted only thru that account . And I have no pharma or any other connect .

But the good Lord up there must be meherban on me .

I got Academic sponsorships just because people came to know that I am taking over as President . My reputation worked for me 🙏. The partners were assured of their money being put to good use . I did not have to ask for anything from anyone . AMC is an organization to recon with ... We are a 13 k strong body . So it was a win win situation for all . I chose the partners well too . For me , ethics is more important than the money . So not everyone who came forward , was taken on board . I rejected quite a few too . Those who came for their conviction in me , were also of my sensibilities . So it worked out well .

Secretary Dr Hemant Dugad & Treasurer Dr Vikram Khanna were staunch in support and did their best to help me realise my vision .

The TEAM AMC truly did a fabulous job this year .

A lot of huge projects taken up . Cannot be completed in a year . But I am sure the next team will take it to completion as only the loose ends have to be tied . Ground work and construction is done .... Only awaiting OC 😊

Though I shall never get credit for this next year ..... It wouldn't matter much as the AMC is bigger than any single individual 🙏

Every single President works with his or her vision for the fraternity . We have had great leaderships before who have laid the solid foundations on which the AMC stands . I did what I thought was best in the given circumstances . Hope I haven't disappointed you .

I still have one more month to go and this shall be the most productive month with the Fire drills , police & Dr partnerships , the CPR videos to be handed over , the White paper on Single window registrations , Our meeting with the insurance authorities to get the official stamp for the FEQH standards which shall enable AMC to be recognised in that sector as well ...

A lot yet left to be done .... Before I take your leave on the 26th of March 2023 .

\*You were born with potential.  
You were born with goodness and trust.  
You were born with ideals and dreams.  
You were born with greatness.  
You were born with wings.  
You are not meant for crawling, so don't.  
You have wings.  
Learn to use them and fly\*

~ Rumi ~

I found my wings & learnt to fly and take AMC along with me to reach higher goals and set an example for the next team to follow & better .  
I wish the very best for the incoming team .

I leave with a heart full of satisfaction at having tried my best and with my head held high that I was able to live upto my own set standards .

CHALO , THODA AUR TRY KARTE HAI ..... has always been my guru mantra and only this staunch belief has got me retrying to do things where others had given up .....

Hope I have upheld the stature of AMC at all times

Adios

Yours sincerely ,

**Dr. Nilima Vaidya Bhamare**

## Hon. Secretary's Report

Dear AMCites,

नव संवत्सर 2080 की शुभकामनाएं ।

" Great leaders are not the best at everything. They find people who are best at different things & get them all on the same team " Eileen Bistrisky

Our President Dr Nilima did exactly that & year 2022-23 started.

We all together dared to do different things differently.

We gave 34 programs in 11 months with 18 CME Points. Many new initiatives were taken up, like

- Tree plantation in the name of a member on his or her birthday,
  - NTROC (organ transplant ), thereby bringing private practitioners on the map of ZTTC
  - FEQH - ASNH revived so that Insurance Companies shall recognise AMC formulated accreditation norms ( efforts of all previous AMC - MC Teams ) for cashless services alongside NABH.
  - Single Window Registration for Nursing Home. White paper on the subject matter submitted to EHO Dr Gomre.
  - Initiated and near completion contentious issue of compliance with MPCB. Now AMC is officially part of Govt. Committee of MPCB
  - Fresh steps taken for partnering with Police & Fire Department. Very soon Sop's will be issued by Police Commissioner's office to all police stations helping Medical Fraternity & Establishments against violence.
  - As a part of Social Responsibility Awareness Programs were taken up via Marathon, Cyclethon & Bikethon. Campaign posters about "Give Way To Ambulance"distributed to members to paste on their cars.
- Rs 15 lakhs donated to worthy charitable organisations from the collections of programs conducted during the year. ( In turn AMC got 80 G benefit also )
- I am sure all of you remember AMCON, with Dr Prakash Baba Amte as Chief Guest & MUHS Vice Chancellor Retired Lt General Dr Madhuri Kanitkar as keynote speaker. Two days of academic feast with fantastic Speakers on topics touching Physical & Mental Health of the fraternity will be remembered as hallmark of year 2022-23.

- On office front, hardware of all computers was upgraded thereby improving efficiency of staff. Digitization of all records of AMC has started. All annual maintenance contracts renewed with saving cost towards expenses for office expenditure.

Many things for betterment are initiated, many will need continuous follow up. Many new things may prop up.

सबका साथ, सबका विश्वास, सबका सहभाग जरूरी है, बशर्ते साथ में स्वार्थ नहीं है ।

With this I thank President Dr Nilima for choosing me as Secretary 2022-23. I thank all the members of the Managing Committee for helping me grow & deliver what was expected of me.

Also Micchami Dukkadam to all if I have hurt anyone inadvertently by my Maan Vachan aur Kaya !

**Dr. Hemant Dugad**

**Agenda No.5: To read and confirm the minutes of Special General Body Meeting held on 23rd January 2022 on virtual platform.**

Prof. Dr. Sushmita Bhatnagar informed that the said minutes were circulated earlier. Proposed by: Dr. Rajendra Tiwari

Seconded by: Dr. S. S. Khambay

**Agenda No.6: To discuss Business arising out of minutes.**

No business was discussed.

**Agenda No.7: To receive and adopt the audited balance sheet and the income expenditure statements for the year 2020-2021.**

Prof. Dr. Sushmita Bhatnagar informed that this is a part of AGM report and has been circulated. The house unanimously agreed to receive and adopt the audited balance sheet.

**Agenda No.8: To appoint Auditors for the year 2022-2023.**

Dr. Sushmita Bhatnagar informed the house that Mr. Narayan Toshniwal is the internal auditor and Mr. Raman Jokhakar is the external auditor. She proposed the same auditors for the year 2022 – 2023. The proposal was unanimously accepted by all.

**Agenda No.9: To ratify the names proposed by the Managing Committee for the posts of Zonal Directors, Chairman of the Cells**

Dr. Sushmita Bhatnagar informed the house that MC has proposed and accepted the names of Dr. Vivek Dwivedi and Dr. Ajay Hariani as Zonal Directors for the Zone H (Thane/Kalyan/Dombivali) and Zone E (Jogeshwari – Dahisar), respectively. Dr. Sudhir Naik's name was proposed for the third term as Chairman of the Medico Legal Cell. The house accepted and ratified the names unanimously.

**Agenda No.10: To ratify the names proposed by the Managing Committee for the posts of Trustees.**

Dr. Sushmita Bhatnagar informed the willingness of Dr. Niranjana Agarwal and Dr. Kishore Adyanthaya to continue as Trustees to which the house unanimously accepted and ratified their appointments as Trustees.

**Agenda No.11: To propose new amendments to the Constitution.**

Dr. Sushmita Bhatnagar stated that the discussions regarding constitutional amendments, especially the election related amendments were ongoing and not finalized to be presented here and hence it will be taken up in the next AGM after due discussions in the MC. Dr. Ashok Shukla suggested that it can be taken up in a Special AGM, instead of waiting for one more year.

**Agenda No.12: To read and adopt the Reports of the various cells of AMC.**

Dr. Sushmita Bhatnagar pointed out that the reports are already been circulated. The house agreed to adopt the reports, prepared by the Chairpersons, as read and accepted.

**Agenda No.13: Enrolments of new members for the year 2021-2022.**

Dr. Pradeep Baliga informed that 565 new members were added in one year since the last AGM: 489 are in Mumbai, 63 in Affiliate Units, 11 as Associate Life Members and - the new group - 2 Student Members. The house applauded the new enrolments, despite being a Covid affected year.

**Agenda No.14: Letters & Circulars.**

Dr. Sushmita Bhatnagar said that there are no letters and circulars to be discussed and presented in this meeting.

**Agenda No.15: Any other matter with the Permission of the Chair pertaining to aims and objectives.**

1. Dr. Dhiren Kalawadia emphasized the importance of getting the audited accounts circulated by email to MC, discussed and passed in a Special AGM, before the AGM. He added that it will not be appropriate to pass the balance sheet without proper discussion. (Unable to understand audio). Dr. Sushmita Bhatnagar said that this is a good suggestion and it will be taken up at a higher level this year.
2. Dr. Nitin Bhatnagar's informed about email he had sent regarding attendance criteria of MC meetings. He mentioned that since the attendance criteria was not adhered to during the election process, AMC should do away with the 60% attendance eligibility. Dr. Ashok Shukla mentioned

that since it requires constitutional amendment, it will be taken in future meeting. Dr. Niranjana Agarwal said that there was no waiver of attendance clause. As we did not have the record of attendance available benefit of doubt was passed to the members. Dr. Kishore Adyanthaya added that two meetings were physical and the rest four were virtual. There was no evidence of attendance of virtual meetings to confirm. It was not possible to go through the video recording at that time and see. He also said that less number of applications were received for the posts of area representatives. As it is now there are six vacancies; would have become twelve if we were to be strict on attendance criteria. Dr. Sujata Rao explained that the meeting was held with good participation of Managing Trustee, four trustees, President, Secretary and President Elect attending. After going through the applications we found them to be inadequate in number. Before rejection on the basis of lack of attendance, the Jt. Secretaries were called to provide the proof of attendance. In a virtual meeting it is only the screenshots can be taken as evidence. None could be obtained at the time of meeting. Dr. Sushmita Bhatnagar said that some criteria must be set. Dr. Nitin Bhatnagar further discussed that the attendance of previous MC meeting is always sent with the minutes. No member has ever complained that his/her name is missing in the list of attendees, in this year. Dr. Nilima suggested that before the last MC meeting all the members must be given information about their attendance status, giving them an opportunity to better the status, if there is a shortfall. Dr. Qayum Mukaddam informed the house, how the attendance is recorded in corporate offices through google forms which is a foolproof method of attendance. Dr. Sushmita Bhatnagar-President concluded the discussion with two points: a. The criteria must be set in for the virtual meeting attendance b. Members also need to take responsibility to ensure that their presence is marked. It is not only the responsibility of the office or the Office Bearers to do so.

Meeting between at 8:45 a.m. however due to lack of Coram it was postponed to 9:00 a.m. At 9:00 a.m. meeting was reconvened, with secretary Dr. Hemant Dugad welcoming attendees.

Dr. Nilima Vaidya Bhamare informed everyone that for the first time the audited accounts were bring presented before the stipulated date, that is 31st September. Procedure demands that auditor accounts be presented in front of the AGM and passed and usually the newly appointed treasurer does the same. Dr. Vikram Khanna will be presenting the accounts. However previous treasurer Dr. Rajendra Nagarkatti and office bearers are free to make their comments and also they are present to solve any queries from the floor.

Treasure Dr Vikram Khanna informed the floor that The Audited Accounts of AMC 2021-2022 have been uploaded on AMC Website. No official queries have been received as of now, but if any queries can be addressed now. Aim of this AGM is to pass the audited accounts so that the CA can submit them for tax returns purposes. He informed that this was possible due to the persistent diligence of Dr Dhiren Kalawadia office Secretary of the present term. It is a historic moment for AMC.

Dr. Sushmita Bhatnagar, IPP informed that page 1 para 3 - our accounts are audited at least twice and hence the term "Inherent limitations of internal control, unavoidable risk of material misstatements may or may not be

detected", should not be present in this statement. She was not sure whether these terms are used as a routine. Is such terms are used than there is no point served in having such detailed reviews and discussing it in AGM.

Dr. Hemant Dugad responded that this query should be presented to auditor. Usually these are disclaimers put in most routine reports.

Dr. Sushmita responded that she had sent email 2 days ago in reply mode of presidents email.

Dr. Vikram informed that this is routine statement of auditor reports and similar statements are used in auditor reports of other charitable organisations also.

Dr. Sushmita ask whether this means that entire onus is on the office bearers and no responsibility rests with the auditor.

Dr. Nilima Vaidya Bhamare asked Dr. Sushmita whether she could recall if similar statement was present in previous years audited report.

Dr. Sushmita responded that she didn't recall. Since we are now taking additional steps so why auditor should have no responsibility.

Dr. Nilima Vaidya Bhamare responded that this is not an additional step and this should have been done previously also this is probably routine disclaimer and we should pass the rest of the accounts and get back to the auditor on this. We can study previous reports also.

Dr. Sushmita said that the aim is to reduce these limitations to the minimum.

Dr. Anukant Mittal remarked that disclaimer is routinely put by auditors with respect to the income tax department in case some queries may arise from income tax department in future. It does not reflect in anyway on our accounting or spending practices.

Dr. Dhiren Kalawadia clarified that the auditor relies on material given by office bearers and accountant. Hence he puts a disclaimer since he has not seen every document that is presented here. This is the practice of all auditors..So there is no need to worry.

Dr. Nilima Vaidya Bhamare further added that the purpose of this exercise is to present accounts to the previous office bearers who know the details of it and authenticate it from them before being signed by the current office bearers. Disclaimer is valid.

Dr. Vikram informed that the next para is self explanatory and dispels all doubts.

Dr. Suhas Kate raised his hand but was unavailable for making any comments.

Dr. Vikram continued with presenting report.

Dr. Nilima Vaidya Bhamare said that she hoped that all those who are present have read the documents sent on email. She added that it was safer to send a link rather than sending the document. She also brought the balance sheets to the notice of the house. She further mentioned that they were not yet signed as AGM approval was awaited.

Dr. Vikram then display the schedule C showing fixed assets and mentioned that there was no deletion this year.

Dr. Nilima Vaidya Bhamare added that new office premises were added to AMC assets.

Dr. Sushmita said that she expected that all accounts have been scrutinized by Office bearers, office manager and account, since it is difficult to check whether the accounts are correct or not at one sight since there are several

headings under which accounting is done and the records are available only in office. Also massive amount of transaction take place. So we will go by whatever has been presented and that she has no objection to passing these accounts if the treasurer, office staff and accountant have checked it properly.

Dr. Anukant Mittal said that it is assumed that the office staff are expected to work with previous and present office bearers and due diligence is expected to have been carried. We change the auditor every 3 years as per norms and newly appointed auditor is expected to look into the past accounts for correctness. We go with the assumption that previous office bearers and auditor have looked into the details.

Dr. Vikram reiterated that Dr. Anukant has raised a valid point and he informed the floor that the office staff and auditor of the previous year have prepared the audit report and balance sheets this year, assuring continuity. Most office bearers of present term have also been office where is in previous term and hence work continuity and transparency assured.

Dr. Hemant Dugad pointed out that in spite of having auditor and system in place, why we have to pay penalty is a question to be addressed. There is one figure of excess TDS and also GST penalty. We should look into the matter as to why these lapses have occurred.

Dr. Anukant replied that TDS is deposited by vendors in our names. If they have claimed in excess then we can claim the amount back. We need to find the main amount on which the TDS has been claimed. The late fee is the GST on penalty and is levied on some fees that we have inadvertently paid late and needs to be looked into. If we have paid on time, we can claim the late fee.

Dr. Nilima Vaidya Bhamare requested past treasurer Dr Rajendra Nagarkatti and present treasurer Dr Vikram Khanna to look into the matter so that we can ask our auditor.

Dr. Vikram informed the house that Schedule 9 c and d are statutory requirements which need to be filled up.

Dr. Sushmita mentioned that the accountants were informed last year to change the address, however these accounts still show old address. She asked whether the accountants have not taken note of the same.

Dr Vikram responded that the financial year began in the old premises and we shifted to new office mid-year, hence old address will continue this year. New address will be added from next financial year.

Dr. Sushmita mentioned to follow up with the accountants to change the address on PAN card and all registration documents.

Dr. Hemant Dugad responded that trust address will have to be changed in charity commissioner Office. Office address and trust address can be different.

Dr. Sushmita added that the address mentioned on the pan card is also mentioned in accounts and hence address needs to be changed on PAN card as well.

Dr. Nilima Vaidya Bhamare added that communication address have been changed to new address. Registered address however is still the old address which is also mentioned on PAN Card. Charity commissioner Office work is in process and ones charity commissioner gives permission, address will be changed on all documents.

Dr. Vikram added that schedule 9 D is regarding KYC of trustees. Since there were no further queries the report was accepted. Proposed by Dr. Anukant Mittal seconded by Dr. Suhas Kate and Dr. Ashok Shukla and passed unanimously.

Dr. Kate congratulated the president and secretary for successfully conducting special General body meeting.

Dr. Sushmita asked whether there is a minimum number of attendees required for special AGM.

Dr. Mittal inform that for any Association a special AGM with specific agenda is convened at scheduled time as per notice. In case of insufficient quorum, it is adjourned for 15 minutes and reconvened and at that time, whosoever is present is considered as quorum for the meeting.

Dr. Nilima Vaidya Bhamare further added that no minimum number is mentioned. Dr. Vikram reiterated the above facts.

Dr. Dhiren Kalawadia applauded the effort of the treasurer Dr. Vikram and previous and current team. As per new rules, 80 G and 12 A certificates need to be renewed. He wanted to know whether this process has been done. He further enquired whether change report has been sent to charity commissioner on yearly basis.

Dr. Nilima Vaidya Bhamare responded that it was brought to our notice at the beginning of this year and hence the needful has been done. Dr. Vikram and Dr. Nilima Vaidya Bhamare responded that both 12A and 80F certificates have been renewed.

Dr. Nilima Vaidya Bhamare appreciated that Dr Dhiren's inputs have been very useful and hence the work has been completed with help of accountant and auditor. It was a herculean task but was completed on time. She also applauded Dr. Vikram for taking his task very seriously and completed his work with help of secretary and President. She further appreciated pass president Dr Sushmita for setting a good precedent and that the current team is carrying forward the same. She hoped that the next team will continue in the same vein.

Dr. Hemant Dugad commented that we should try to finish this job earlier to August and present it to AGM.

Dr. Nilima Vaidya Bhamare responded that previous Accountant had promised to submit accounts by June. Our team has been persistent in following up the same. We should try to finish our tenure accounts in time and hand over to New team. When new team signs for accounts, the previous Team should certify that the accounts are correct.

Dr. Gurudas Kulkarni, managing trustee, congratulated President Dr. Nilima Vaidya Bhamare, Dr. Hemant Dugad and Dr. Vikram for an excellent job and hoped that the same will continue in future.

Dr. Rahul Rane enquired whether the minutes of this meeting have to be recorded. Dr. Nilima Vaidya Bhamare responded that all AGM meetings need to be minuted.

Dr. Nilima Vaidya Bhamare requested all attendees to attend forthcoming AMC programs like Fincon, Marathon, Cyclothon etc.

Dr. Rahul Rane announced about Cyclothon which will be conducted on Sunday 13 November '23 with Theme of malnutrition in children. It will begin at Hiranandani Hospital and proceed for a distance of 5 km and 10 km.

Dr. Hemant Dugad proposed the vote of thanks to President, Treasurer, Past presidents and team, Managing trustee. He ended on a positive note wishing that the good work continues so as to bring more and more transparency and efficiency.

## Medico-Legal Cell Report.

All Members are well aware that the new Consumer Protection Act 2019 has been notified and is now in force. It has made life more difficult for us. It gives the patient the right to file a case against any doctor not only in the jurisdiction of the hospital/clinic where you practice but also in the jurisdiction area of his or her residence ( this means the patient from Bihar can sue you either in Bihar and in Mumbai) Instances of Doctors receiving notices to appear before Courts in remote places of the country are now not uncommon.

### FEATURES OF AMCS MEDICO LEGAL SCHEME:

- 1) End to end in-house scheme management by AMC.
- 2) The AOY:AOI Ratio for our policy is 1:1. This is most important in our P.I. Ins. Policy as it means you are covered for the full sum insured for every case filed against you.
- 3) Provision for out of court settlement in appropriate cases as determined by Medico Legal Cell on the advice from the AMC panel lawyers on a reimbursement basis.
- 4) Exclusive expert Medico legal advisory services rendered by AMC Medico legal cell.
- 5) Expert Advocates appointed exclusively for AMC Members approved and authorized by The Oriental Insurance Co-Ltd.
- 6) Complimentary additional 25% coverage over and above the sum insured from the insurance company. The complimentary additional coverage will be available for sum insured beyond Rs. 50 Lakhs subject to a maximum of Rs. 2 corers sum insured taken from the Insurance Company.
- 7) Professional Indemnity Insurance policy is offered by The Oriental Insurance Company with below key features.
  - A. Complaints before MMC, NHRC & Competition Commission of India (CCI) covered under policy.
  - B. Defence costs for criminal cases arising out of medical accidents mishaps & operative deaths etc. covered on a reimbursement basis (except 17 exclusions for criminal cases).
- 8) Cashless service for payment to AMC panel advocates as per schedule of fees. Cashless of decreed amount before appeal to the higher forums in case of awards against our members.
- 9) Cosmetic procedures & surgery covered at an extra premium. Cashless of decreed amount before appeal to the higher forums in case of awards against doctors.

Travelling expenses for attending National Commission/outside the headquarters for evidence etc. covered.
- 10) AMC scheme provides for hiring expert lawyers and top doctors as Expert witnesses if required in some of the cases on the recommendation of the AMC Medico legal cell. Adv. Fees will be paid with no loading on the members.
- 11) AMC scheme provides for "Out of Court" settlements. Settlements up to Rs. 10 lakhs purely on the recommendations of the AMC Medico legal cell and higher amounts in consultations with the Insurance company lawyers.
- 12) Recent trend has been for patients to file complaints in multiple forums like MMC, FDA Human Rights Commission, Competition Commission, etc. The AMC PI Scheme covers lump sum cost for these forums.

- 13) AMC has A dedicated team for processing of claims and members need not interact directly with the Insurance Company. The solid experience of more than 4 decades backed with a system in place for processing claims makes our AMC scheme much comfortable.
- 14) AMC scheme is now available on a mobile app wherein you can make payments, download your receipts, policy copies or even upload claim forms. The app provides you the best solution of managing your policy at a glance.

In the new fiscal due to our negotiations with the Insurance Company we have been able to give a maximum up to 25% discount in an insurance premium for renewing P. I. Policy to our members as compared to our fees in the past 3 years. We are aware that several organizations are trying to copy our policy and claim to provide all features of our policy at lower price. We would caution of a claim against you. We request all members to look for values and not for premium. As stated, and in view of the New Consumer Protection Act making the probability of higher sums being awarded against doctors.

We request the members to increase their sum assured and we recommend minimum cover of 2 crores for surgeons and Rs. 1.25 crores for physicians.

We have taken action against one insurance adviser and are examining their service records closely to ensure better action. We would urge members to keep a track of their renewal premiums/receipts/policy copies through their scheme advisers and complain to us at [supportmlc@amcmumbai.org](mailto:supportmlc@amcmumbai.org) if they are failed to extend support services.

In addition to the medico legal issues the Medico legal cell has also kept a close watch on issues relating to the medical profession. We have intervened in the Supreme Court in the Appeal filed by R.G. stone clinic against an order of the National Consumer forum holding pre-printed consent forms as unfair trade practice. We do hope to put forth a strong case against the same as the implications of this judgment can be huge for all of us. We have filed WP in P.I.LITIGATION against the Government of India allowing Ayush doctors to perform specific surgeries. Furthermore we have intervened in one WP filed by DELHI Doctors Forum in respect of criminal cases being filed for medical negligence against doctors without the opinion of medical board which is a violation of the Jacob Mathew judgment of the Supreme court.

It is pertinent to note that AMC MEDICO LEGAL CELL supported SEMINAR organised by Centre For Mediation & Conciliation on ‘DISPUTE RESOLUTION FOR MEDICO-LEGAL SECTOR” for faster disposal of complaints. Our Advisor Dr Lalit Kapoor has been invited to give lectures at the National training Academy of Judicial officers.

# CONSULTANTS BENEVOLENT SCHEME REPORT

**Founder: Dr. Prabhakar N. Rao**

**Patron-Advisor: Dr. Bipin Shah**

**Chairman: Dr. Shrikant Badwe**

**Conveners: Dr. Suhas Kate, Dr. Nitin Rao**

**Members: Dr. S.N. Agarwal, Dr. Mukesh Gupta**

Dear Members,

We are proud to have completed **18** glorious, successful years of conducting the Consultant Benevolent Scheme. Presently, the total number of members enrolled in the scheme is **1554** (till January 2023). Since the inception of the scheme, we are sad to inform you that we have lost **91** members. However, scheme could serve them with Benevolent Fund of a sizable amount. The last member received a contribution of **10, 81, 200/-**. Since the inception, the scheme has disbursed total amount of

**Rs. 6, 64, 15, 300/- (Six Crore Sixty-Four Lac Fifteen Thousand & Three Hundred only)** as a Benevolent Fund. Only **84** members had a premature retirement from the scheme because of various reasons. So now there are 1379 Active members in the Cell.

5 new members have joined the scheme in current year. We are concerned with the inadequate growth of the scheme, inspite of all its tremendous advantages.

We pay homage and sincerely condole the death of our following **Eight colleagues** in the scheme this year. On your behalf, the committee has promptly sent out their deepest condolences to the family of the diseased.

The benevolent funds that have been paid to the beneficiaries of each of them are mentioned in columns next to their names. We pay this fund in a shortest possible time with simplest of procedure.

Name of Member	Age	Paid to Nominee	Contributed by diseased member	Date of Death	Years in scheme
Dr. Shrikrishna Patil	68	Rs.11,07,800	Rs. 63,725	26/June/2021	16
Dr. Shreenivas Tare	75	Rs.10,98,600	Rs. 79,285	10/Jan/2022	15
Dr. Chandni Alwani	82	Rs.10,96,800	Rs. 74,825	23/Jan/2022	18
Dr. Noella Antao	69	Rs.11,04,400	Rs. 90,825	08/Mar/2022	13
Dr. Ashok Pagrut	70	Rs.10,84,200	Rs. 76,125	13/Jul/2022	18
Mrs Devina Chaniary	63	Rs.10,82,400	Rs. 91,025	20/Jul/2022	4
Dr. Urmila Garg	70	Rs.10,94,200	Rs. 71,825	20/Aug/2022	18
Dr. Suphal Shirsekar	42	Rs.10,81,200	Rs. 72,825	30/Oct/2022	16

In current financial year we have paid total Benevolent Fund of **Rs. 87, 49, 600/- (Eighty Seven Lac Forty Nine Thousand Six Hundred Only)**.

Total Corpus of the C.B.S. scheme as on 31st January 2023 is:

- a) Rs. 3, 79, 92, 362 /- lying in the form of fixed deposits
- b) Beneficiaries of the 8 members were paid Rs. 87, 49, 600/- as benevolent fund due to them. This was disbursed within 1 month with minimal paper work.
- c) Rs. 29, 27, 000 /- in MOD a/c

Thus the total corpus fund for year 2023 becomes Rs. 4, 67, 41, 962 /- (Four Crore Sixty-Seven Lac Forty-One Thousand Nine Hundred and Sixty-Two only) while Total Corpus of the C.B.S. scheme as on last year i.e. 31st March 2022 was 5, 41, 61, 653 /- (Five Crore Forty-One Lac Sixty-One Thousand Six Hundred and Fifty-Three only)

CBS Scheme is a social initiative by AMC for its members. It has a dual advantage both being a mode of investment as well as life cover for the member; it also provides an immediate financial relief to the dependants of the said member, at a very nominal cost.

We earnestly request you to enroll as many of your Colleagues of AMC & their spouse in the scheme as early as possible. This will enable us to give still larger amount of Benevolent Fund to the family members in the event of untimely demise.

Thanking You,

Yours truly,

# **NOAH Cell Report**

**ADIVISOR: DR NIRANJAN AGARWAL**

**CHAIRMAN: DR. SURESH RAO**

**CONVENORS: DR SUDHIR NAIK; DR ASHOK SHUKLA**

We supported our members for all issues related to the hospital. The main concern this year was of MPCB renewal. As the Hospital renewal is connected with MPCB renewal many hospitals renewal got delayed for which request was made to delink the MPCB renewal with hospital registration renewal. President madam created a special MPCB team for this issue. Meeting was held with CM regarding it. They assured to form a committee related to it. Few Hospitals have agreed to give their biomedical waste for examination, to create a study document to prove that hospital waste is not that hazardous. So that need of establishing the STP ETP can be removed from the requirements list for renewal for MPCB. The biggest hurdle faced was that the pollution Control act is a central act and hence whatever the Central pollution board creates in form of rules and regulations has to be followed by state. In spite of convincing the officials that in city of Mumbai hospitals will not be able to establish STP ETP was most of the nursing homes are running in co-operative housing society. In meantime Adv Rui Rodrigues was asked to start preparing PIL against this MPCB renewal requirements of STP ETP so that if talks fail we will approach the court for stay and help of members to get MPCB renewal. Several other issues were attempted to be streamlined like CA certificate, charges on consent etc.

Fire, structural Audit, Stability certificate guidance were given to members as and when they required.

## Affiliate Unit Report

**Chairperson: Dr. Umesh Oza**

**Convenors: Dr. Niranjan Agarwal and Dr. Kishore Adyanthaya**

Number of Members in various affiliate cells are increasing. Members of affiliate cells are in constant touch with the office bearers of other cells to resolve any issues related to various schemes. Dr Kishore Adhyantaya and Dr Ajit Desai have been a great support for the members.

We had a virtual meeting with the office bearers of all the AMC affiliate branches. Due to covid time , we could not arrange physical meeting at different venues but the next year it will be planned. Members of various cells were invited for the MLCON and AMCON . They also participated in the the discussion during MLCON .

There are more city associations who have shown interest in starting affiliate cells with Mumbai AMC to avail the benefits of various schemes of AMC for benefits of their consultants. I am sure next year, we will be more proactive to interact with various affiliate cells. Following is the table showing number of membership from various branches and the number of members attached to various our schemes.

I would like to thank Dr Kishore Adyanthaya and all the members of affiliate cell Mumbai for their support.

## MMC CELL REPORT

Representation to our Governing Body is a significant step and a must as per the Aims & Objectives & our very existence for last 50+ years!

Who should represent us becomes important because that person should be well versed with AMC ethos to create win win solutions for the medical fraternity with collective thought process and not personal opinions. The right candidate is one who could work on behalf of AMC for various medico-social issues consistently and successfully. There are many who are working individually for various issues but a person who can represent a TEAM, the entire community of members is the best one to represent effectively & efficiently our pleas & our cause & create better roadways for a practising doctor.

We need to learn from our past experience and involve our national body, FAMCI to get a candidate who is winnable & acceptable to majority in Maharashtra.

Collaboration with other Associations is a must in order to get representation to this governing body.

I have formulated Criteria which are Individual Specific, State Specific & Association Specific to help us with the process of selecting the right candidate. We have had detailed discussion in the Managing Committee regarding this to edit & finalise the basic draft given by me.

What remains is the Government's inclination & willingness to announce the MMC Elections.

3) It was noticed that touts/agents had cropped up to help out with the renewal process for a "Fee". This alarming development was deplorable.

Accordingly a communication was made to the MMC President & Registrar, with a request to establish trouble shooting initiatives for frequently observed obstacles. We have yet to receive a reply from the MMC.

It's was a privilege to be assigned to the position of PCC Program committee chair for the Golden jubilee year by President Nilima Vaidya Bhamare. It was of course our effort to maximize the variety, value and versatile versions of different types of events, and build up on what previous presidents have done. Activities like blood donation, organ donation awareness and Doctors day were the starting point, and of course AMCON was to be the highlight of the year. Keeping in mind changing pandemic situation, we had planned on having both physical and online programs as well as hybrid activities. We looked forward to active participation from you all, dear friends as that is most important for successful programs!

TEAM stands for Together Everyone Achieves More- with able support from managing committee members and the OB Team we had a great year ahead! We managed to deliver a package of great academics, gastronomics and social activities in this Golden jubilee year for our association and fulfilled our promises!

The year has had some programs being done physically despite some lurking COVID/ Swine flu, and a fair share of online/ virtual format webinars. We present here the outline of events done in 2022:

The program on Rejuvenating Medical Minds on the theme of PASSION & COMPASSION with RERF & IMA Mumbai West in particular was blessed by presence of Brahmakumaris and their leader Sister BK Shivani. This was in person at Shanmukhananda hall on 22<sup>nd</sup> Jan and was broadcast as a hybrid event. Our OB team got an opportunity to be blessed by BK Shivani didi. In the words of our President “Her touch is so soft, Eyes full of compassion, I can't tell you how amazing the feeling was when she held my hands when she gave me the Tulsi sapling.” A galaxy of speakers of different specialities covered topics of Self-care, meditation, emotional healing and safety, values and Soul consciousness. Dr Ashok Mehta, BK Dr Shubhada Neel, and others shared experiences.

The questions that vex us in our day to day practice were addressed in KYA KARE KYA NA KARE on 26<sup>th</sup> January Republic Day webinar 10.00 am to 2.00 pm. We were focusing on truly empowering women with reproductive rights freedom, after flag hoisting! When a woman or a young girl comes to our clinic and we find out that she is a minor, or unmarried or divorcee and is pregnant, or situations which are not considered legal or straightforward. And we start thinking of what is the correct way forward to benefit the patient but not compromise on legal requirements which can pose a problem to the practitioner. MTP, PCPNDT, POCSO were analysed by the experts like Dr Nikhil Datar, Dr Rahul Wani, Dr Rajendra Tiwari and Dr Vipin Checker with lively inputs from Dr Nilima (herself an LLB), Dr Hemant, Dr Reena Wani and audience. National holiday saw many (over 300) attend this informative webinar on Medicolegal challenges faced by practitioners arranged by Dr Vidya Shetty.

On 28<sup>th</sup> January we collaborated with JOSH Foundation for hearing impaired children in their dance program and donated 10 hearing aids , amounting to 3 lakh rupees from our organization as a token of support.

Our Bikethon on 29<sup>th</sup> January with theme of awareness for road safety and giving way to ambulances was led from the front by our President herself, with more than 70 bikers taking part! The Bangur Nagar police were very

happy with the way we conducted the rally. They were pleased with the disciplined way we did it and congratulated us on having done the whole show so gracefully. Marshals in yellow t-shirts, the happy faces after the medal distribution, breakfast at Subkuch with chai was part of the morning. This was well- deserved after having awoken before dawn and come for the event. We gave medallions to the ambulance-waale too for having been with us through the rally. All went home happy, including Kamlesh from office who was of great help.

Our doctors participated in online webinars FINCON 2 & 3, with keen interest in financial fitness for fraternity. The session of 25<sup>th</sup> December 2022 had nearly 150 hard-core interested participants, despite no MMC points! Topics like Cash-flow management, MIS, Raising capital from Banks were discussed, along with an interactive panel discussion on Wealth creation, moderated by Dr Vikram Khanna and Nehal Mota from Finnovate. Our convenor Dr Narendra Dedhia, Dr Nilima, Dr Hemant and Dr Raichura participated actively. The third program in the series was held on 5<sup>th</sup> Feb with MMC Points, convened by Dr Narendra Dedhia and Nehal Mota of FINNOVATE, who also has been providing excellent AV and Tech support for our programs, with Pranob Thachanthara being in charge of the links. Special focus on Risk management, Goal & Estate planning, and Wealth creation were covered. Dr Mukesh Gupta, Dr Dilip Raichura and Mr Shailendra Dubey spoke and interacted with the 350+ participants who remained logged in till almost 2pm with our MOC Dr Rahul Rane.

AMC also collaborated with ITCON held in Thakur college on 11<sup>th</sup> February with Dr Mukesh Gupta & Dr Nilima Bhamare actively participating. Technology topics were discussed by experts.

## AMCON 2023 REPORT

The Grand finale of the year's programs from TEAM AMC 2022-2023 was held at G M Majestic grounds , Vile Parle West on the 25<sup>th</sup> & 26<sup>th</sup> of February 2023. The delegates were welcomed with flowers, pen, and scanned QR Codes by our AMC Staff beautifully dressed in Kerala Kosavus and traditional outfits.

It was a multi-faceted, multi-faculty event graced by special invitees Dr Prakash Baba Amte & Dr Mandakini Amte & our special Guest of honour Lt Gen Dr Madhuri Kanetkar, VC MUHS.

We started on Saturday afternoon with welcome by PCC Dr Reena Wani and Secretary Dr Hemant Dugad, after which our **President Dr Nilima Vaidya Bhamare** gave her presidential address and a brief recap of the Year that was. Till now , through the whole year , we have touched upon nearly all aspects of " **Astitva : A meaningful existence**" which was the theme for this tenure. Marathon , cyclethon , bikethon , singing , blood & organ donation to save lives , conducting CPR Training , philanthropy , medicolegal , academia etc. She ended by saying that at AMC we are trying for Single Window Registration for Nursing homes . With the advent of the Ayushman Bharat Digital Mission , we see this as a distinct opportunity to make it happen. She also showed the video related to Road Safety and giving way to ambulances. The scientific program was carefully planned by our President, and from conception to delivery she was assisted by secretary and OB Team.

Our MOCs for the day were Dr Supriya Arwari and Dr Rahul Rane, who introduced and coordinated the program. **Mrs. Manasi Nair** and her troupe performed a special dance on '**Purusha Prakruti (Importance of Love & Sex for Health)**' to start off the proceedings in a unique manner.

**Mrs. Shilpa Joshi** spoke on '**Importance of Diet**' and emphasized healthy eating for healthy living.

Anshuka Parwani, a celebrity Yoga and holistic wellness expert and the founder of the renowned Yoga studio, Anshuka Yoga. She pioneered FlyFit in India which is a combination of Aerial Yoga, Aerial Pilates and Aerial Fitness. She found Yoga and its magic when it helped her heal mentally and physically after a neat fatal accident. She did an interactive session with MOC Dr Rahul Rane.

**Dr. Dilip Nadkarni** gave a musical rendering of orthopaedic perspective '**SymPhony Joint Musical (Bone Health)**' This unique lecture was highly appreciated by all present.

Famous aesthetic dentist **Dr. Sandesh Mayekar** covered in a short time '**Universe in Mouth (Dental Health)**' followed by 82 year young active Padma Shri ophthalmologist **Dr. Keiki Mehta** who spoke on '**Eyes Sparkle as Soul Sings (Eye Health)**' and **Dr. Nushafreen Irani** who covered the very important topic of '**Sleep V/S Slumber**'

It is said "Chandrama Manaso Jayate" just like the phases of the moon affects the mind , so does the various phases of a man's & woman's life , affects their mental balance . How to bring stability to our life by making the

gender equation more complementary & supplementary , is what our psychiatrists explored. **Dr. Harish Shetty** most flamboyant orator in town & **Dr. Ruksheda Syeda** spoke on '**Gender Roles Impacting Mental Health**' to stir up a spicy debate and added to the flavours of the evening! We completed the session with **Ms. Nehal Mota** talking '**Financial Health**'

The night was still young, and all were ready to party with dance & live music. After the academic feast, was a gala banquet dinner to end the first part of AMCON 2023 .

On Sunday 26/02/2023 we started off with a sumptuous breakfast with registration from 8.30am, and the scientific sessions from 9.30 onwards.

**Dr. Reena Wani** introduced **Dr. Hemant Dugad** who welcomed audience. President Dr. Nilima Vaidya Bhamare gave her Inaugural address, and highlighted activities before showing the Ambulance video.

**Dr. Reena Wani** was MOC for morning session and introduced first speaker **Dr. Anupa Dixit** who spoke on '**Health Checkups At The Right Time**' with case examples, including "Physician Heal Thyself". This was followed by **Dr. Ashish Joshi** who gave an enlightening insight into '**Cancer Updates**' which was an eyeopener. **Dr. Deepak Chaturvedi** covered a very important topic, on '**Fountain of Youth (Introduction To Medical Anti Aging)**'

Dr. Umesh Oza was incharge of the inauguration program and requested dignitaries and office bearers to proceed for Lamp Lighting.

**Dr Prakashbaba Amte** spoke on '**Ek Zindagi Aisi Bhi**' which was a truly inspiring saga of their journey so far. He and his wife Dr Mandatai were honored and felicitated by Team AMC.

Lt. Gen. **Dr. Madhuri Kanetkar** gave Keynote Address on '**Importance of Discipline in Enhancing Skills of a Doctor**'

Dr. **Lalita Mayadeo** was MOC for next session and introduced **Dr. Anil Bhoraskar** , a heavyweight in the field of Diabetology, who is not only an astute clinician but also an absolute sweet-talker with amazing sense of humour as much as deep knowledge of classical music & ragas. A prolific orator, what he had to say about '**Dealing With Diabetes**', which affects a majority of humanity, was very informative.

**Dr. Manish Garg & Dr. Pritesh Punjabi** asks them to speak on '**Cardiac Sciences**

## **GRASP REPORT**

Dr Kritika Doshi was requested to take over as Editor-The GRASP in November 2022 due to unforeseen circumstances. 2 issues of GRASP were undertaken since November 2022.

It was a pleasure to be back as Editor- but there were many changes. I had previously been associated with hard copies and printed issues of GRASP. The electronic format is more eco-friendly but less challenging as all the creative aspect is outsourced to an agency.

I wish the future Editor all the best.

I thank AMC Mumbai and all the Managing Committees of the past who have entrusted me with this enjoyable task of being Editor. It was among the most enjoyable work I have done in my life.

Thanking You all dear AMC members

With Love and warm Regards

### Chairman, Media and Communication Cell

#### Understanding the Indian Healthcare Media

In the last few years, news reporting on healthcare has increased tenfold owing to the pandemic that has made citizens more conscious and curious about health. In addition, the Government's focus on the sector has also grabbed eyeballs. From a PR standpoint, the mainline publications have mainly focused reporting on listed healthcare and pharma brands and any latest announcements such as vaccine roll outs among others. Mainstream media has also been covering stories that converge public interest and lifestyle. Promotional content and campaigns have been redirected to the paid route. Trade healthcare media is more receptive to cover B2B healthcare organisations and is targeted towards the medical community who read medical news and doctor led articles.

After going through a complete online media audit for AMC, we started creating visibility through healthcare portals and strive to be featured in bigger publications as we move forward. This has not only promoted AMC's work in the media but also helped in building AMC's media relations with the journalists. The objective was to garner media visibility for the Association of Medical Consultants, Mumbai and tell our stories through traditional and social media.

Over the course of 9 months, we have drafted and disseminated a total of **4 press releases** and garnered interest for **3 opinion pieces** by our AMC leadership team. The PR efforts has resulted in a coverage of approximately **25 clips** across **mainstream, business and healthcare trade media.**

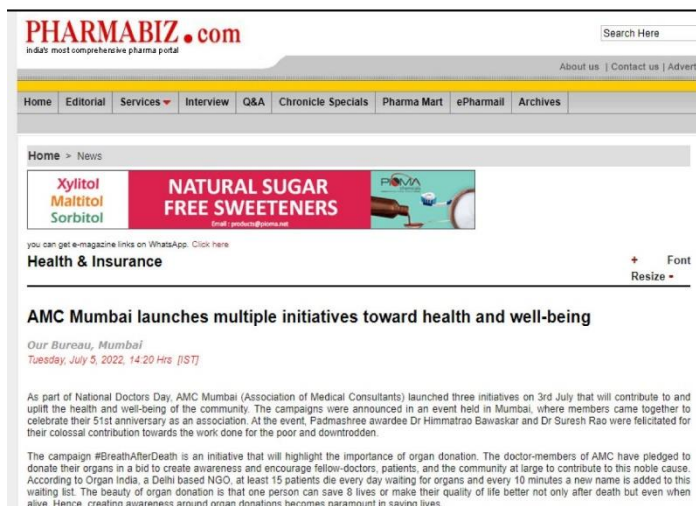

It is Important to be relevant and we have been constantly leveraging our social media platforms to showcase our messaging – **135 creatives** were shared across Instagram, FB and Twitter.

Besides we organised a Thought leadership program **AMC SOCH**, 7<sup>th</sup> in the series of AMC SOCH- Stakeholders' Outreach Conclave in Healthcare along with Team AMC 22-23, on 12<sup>th</sup> Feb 2023, addressing the relevant topic of UHI and its implementation, along with ABHA registration. The opportunity was utilised for liasoning with the stakeholders, regulatory authorities and NGOs to move towards implementation of Single Window Registration for health care centres.

In India, the conversation about organ donation is gaining momentum but there is a long road ahead before we establish substantial ground. Organ donation in the country is regulated by law allowing both deceased as well as living donors to donate their organs. Then why are we lagging behind in organ transplants and unable to meet the rising needs of organ donation?

**The need for organ donation in India**

Organ donation is a pressing issue in India due to the huge gap in the demand and supply of organs. The main reasons for this disparity are mainly lack of awareness, myths, infrastructure as well as religious beliefs and superstitions. According to the World Health Organisation, only around 0.01

### Tips for doctors to look after their emotional, physical and mental health

In an interview with HT Lifestyle, Dr Nilima Vaidya Bhamare, President of Association of Medical Consultants in Mumbai, advised, "We must work towards safeguarding our doctors, nurses as well as other medical staff from long working hours, patient load and overall perils of the working environment. Having said that it is important to take matters in your own hands and work towards the health and well-being of oneself, so adopting a wholesome approach towards physical, mental, and emotional wellness is a must."

## WEBSITE REPORT

Report from the desk of Website Editor

I would like to thank our President Dr. Nilima Vaidya Bhamare for giving me the opportunity to take up the position of Website Editor for the last one year.

Last year, the main focus was on shifting from the .com domain to the .org domain as well as to migrate from Google platform for collaborative services and email hosting to Zoho as our platform base for most activities including the sending of email campaigns. This year, instead of many changes and new features, we have concentrated on the consolidation of existing framework into a more stable format and fixing of minor bugs and errors.

Taking into account the ease of functioning, the website has been streamlined and upgraded with a new menu with several additional new features. The website contains sections such as Homepage with demographic details, and menus such as About AMC which provides details about AMC, it's committees, Address from President, Vision and Mission, AMC Constitution, History of AMC, FAMCI, Donors & partners, etc.

Another main tab in the menu is the Cells of AMC which contains all relevant details of 8 cells such as Medicolegal cell, Health and Accident cell, Consultants Benevolent Cell, Social Service cell, MMC Interaction cell, Noah cell, Affiliate Unit cell, Media and Communication cell. The details and application forms are put up in each cell description and can be downloaded from that page.

We have tried to include the events better as well as gallery uploads of photographs following the events are also updated frequently.

The Initiatives section contains the following:

- a. Standing Committees: such as program committee, IT committee, editorial committee, academic committee.
- b. Public initiatives: such as Save the Girl child, educate the girl child, yoga for mental health, Basic life support courses for public #Projectlife
- c. Academic activities: which contain all the details of academic activities undertaken by AMC

AMC publications is the next section which contains our magazine E-GRASP (can be accessed after login) and also books such as Better safe than sorry, Smartdoc, Docusmart, Do's and Dont's by Dr Lalit Kapoor, Medicolegal Manual and Myths and Facts.

The Gallery section has photo gallery and video gallery section with yearwise details. The news room can be accessed after login and contains our communications with media.

Membership tab provides the online membership option for new members wherein the entire form can be filled online and documents uploaded in the form itself online, payment can also be done through the same portal following which a completed form is submitted to the office, which is then scrutinized and approved online on the same day. This provides a smooth and rapid process of new membership applications which enables the members to enroll for the Professional Indemnity Scheme or Health and Accident Scheme on the same day or as soon as Membership Number is generated. The existing members can avail various schemes of AMC through the website, either directly or through the links provided on the website.

Every member can login to the website with your email address and mobile number following which an OTP is generated and permits you to scan and utilize all the functionalities of the website.

Enquiry form and contact us is for the members who wish to communicate with AMC for any issues or for more information.

Most exciting feature is that the website is in sync with the mobile app and the members database, which will thus permits any member to edit their details on any one platform reflecting in the database.

All in all, the website is very user friendly, informative and am sure all of you will find very easy to surf the website.

I sincerely thank the President Dr Nilima Vaidya Bhamare and Secretary Dr. Hemant Duggad for constant guidance and support.

# AUDIT

# REPORT

**AUDITOR'S REPORT  
TO THE MEMBERS OF THE GOVERNING BODY OF  
Association of Medical Consultants**

**Opinion**

We have audited the financial statements of **Association of Medical Consultants**, which comprise the Balance Sheet as at 31st March, 2022 and the Statement of Income and Expenditure for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, and to the best of my information and according to the explanations given to us, the accompanying financial statements give a true and fair view of the financial position of the entity as at 31<sup>st</sup> March 2022 and of its financial performance for the year then ended in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI).

**Basis for Opinion**

We conducted audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. We are independent of the entity in accordance with the Code of Ethics issued by ICAI and we have fulfilled my other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence and have obtained is sufficient and appropriate to provide a basis for our opinion.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation of these financial statements that give a true and fair view of the state of affairs and results of operations of the entity in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the entity's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, exercise professional judgment and maintain professional skepticism throughout the audit.
