The GRASP

E - BULLETIN
NOVEMBER 2020

ANTIQUATED

(Additional Supplement)

Official Publication of The Association of Medical Consultants, Mumbai.

Dear AMCites,

The lockdown and restriction on movement made printing of GRASP difficult; but gave us the opportunity to bring you a unique collection of our medical history. Dr Sunil R Vaze a Surgeon inherited his late father, Dr R.K. Vaze's Nursing Home at Hindmata Cinema- which was established in 1937! A pre-independence medical establishment which has been serving the people for almost 80 years and has been maintained in the same way as in 1937, with old Teak wood chairs, cupboards, old Kotah flooring with a black skirting border.

Dr Sunil and Dr Alaka Vaze who is a Gynecologist have shared photographs of surgical equipment very few of us may have had the opportunity to see let alone use in this "Antiquated" supplement of The GRASP.

The nursing home still has a certificate appointing the Nursing Home as a member of the Air Raid Precautions Service; dated March 1942- same year in which the Quit India movement took place!
