PREAMBLE

The unceasing endeavor of AMC to address Medico-legal issues and strengthen our fraternity is reflected in this **MLCON 2021**.

AMC has always been on the forefront of having programs which constantly update the insight and nuances of laws relating to medical professionals and having meaningful discussions with the concerned stake holders during the panel discussions. The program for this conference has been conceptualized and conceived by Dr. Lalit Kapoor and ML Cell with the same vision.

As always, we promise to deliver an intellectually packed series of sessions in this event!

These are the themes which will be highlighted in the conference:

The pandemic, the emergency act and its repercussions on the healthcare sector, National Medical Commission replacing MCI and how it changes things, The current criminal justice system and the need for a reform, The nitty-gritty of the Consumer disputes redressal system, Legal issues from the "End-Of-Life" perspective.

Do attend this conference at a lovely venue and be learned and legally wise!

Justice M.L. Tahaliyani
